Task #	Description	Qty	Total				
Proposal HOURS	Installation Per Mountain Air Proposal	1.00	\$15,000.00				
Other-001 PVC-3Single	. 40 Gallon Water Heater Bring Venting to Code for Safety and Efficiency Used in 90%+ efficiency furnaces to direct exhaust fumes to the outside. The 3" PVC is used for longer distances, since the 2" venting is only safe to a certain distance, then 3" pipe is needed to ensure safety.
