Changes to Wattsmart Homes Program in Utah

As part of the Company’s efforts for continual improvement, Rocky Mountain Power is planning changes to the Wattsmart Homes program in Utah, effective May 1, 2024. As summarized in the tables below, these changes include efficiency rating and incentive adjustments for the Whole Home pathway, smart thermostats, and dual fuel heat pumps. **Any incentive amounts for current Program offerings not mentioned in the tables below will remain unchanged.** Existing incentive terms and conditions still apply. If you have questions or need additional information, please [contact us](#).
